Article number: 57-05-3618

**Big Dutchman®****Basic data**

Design electric motor	B14
Motor size	90L

Rated values

Phases	3
Frequency	50/60

Classification

Efficiency rating (ErP)	IE2
IP protection rating	IP55

Rated values 50 Hz

Nominal power	1,5 kW
Nominal voltage delta connection	230 V
Nominal voltage star connection	400 V
Current consumption delta connection	5,8 A
Current consumption star connection	3,34 A
Motor speed	1415 U/min
Gear speed	68 U/min
