Article number: 57-05-3619

**Big Dutchman®****Basic data**

Design electric motor	B14
Motor size	80L

Rated values

Phases	3
Frequency	50/60

Classification

Efficiency rating (ErP)	IE2
IP protection rating	IP55

Rated values 50 Hz

Nominal power	0,75 kW
Nominal voltage delta connection	230 V
Nominal voltage star connection	400 V
Current consumption delta connection	3,05 A
Current consumption star connection	1,76 A
Motor speed	1415 U/min
Gear speed	80 U/min
